

Double Your Results

Use grants and funding to solve current problems and pay for future needs. Today's influx of federal money won't last forever. Trane can help you spend it wisely with tailored, data-driven strategies that leverage our comprehensive portfolio of energy efficient HVAC equipment, connected controls and outcome-driven services. We're helping schools nationwide reduce energy and operational costs. More importantly, we're helping them create more effective learning environments that prepare kids for the future. Here's what some Trane customers have achieved.

GOAL ACHIEVED

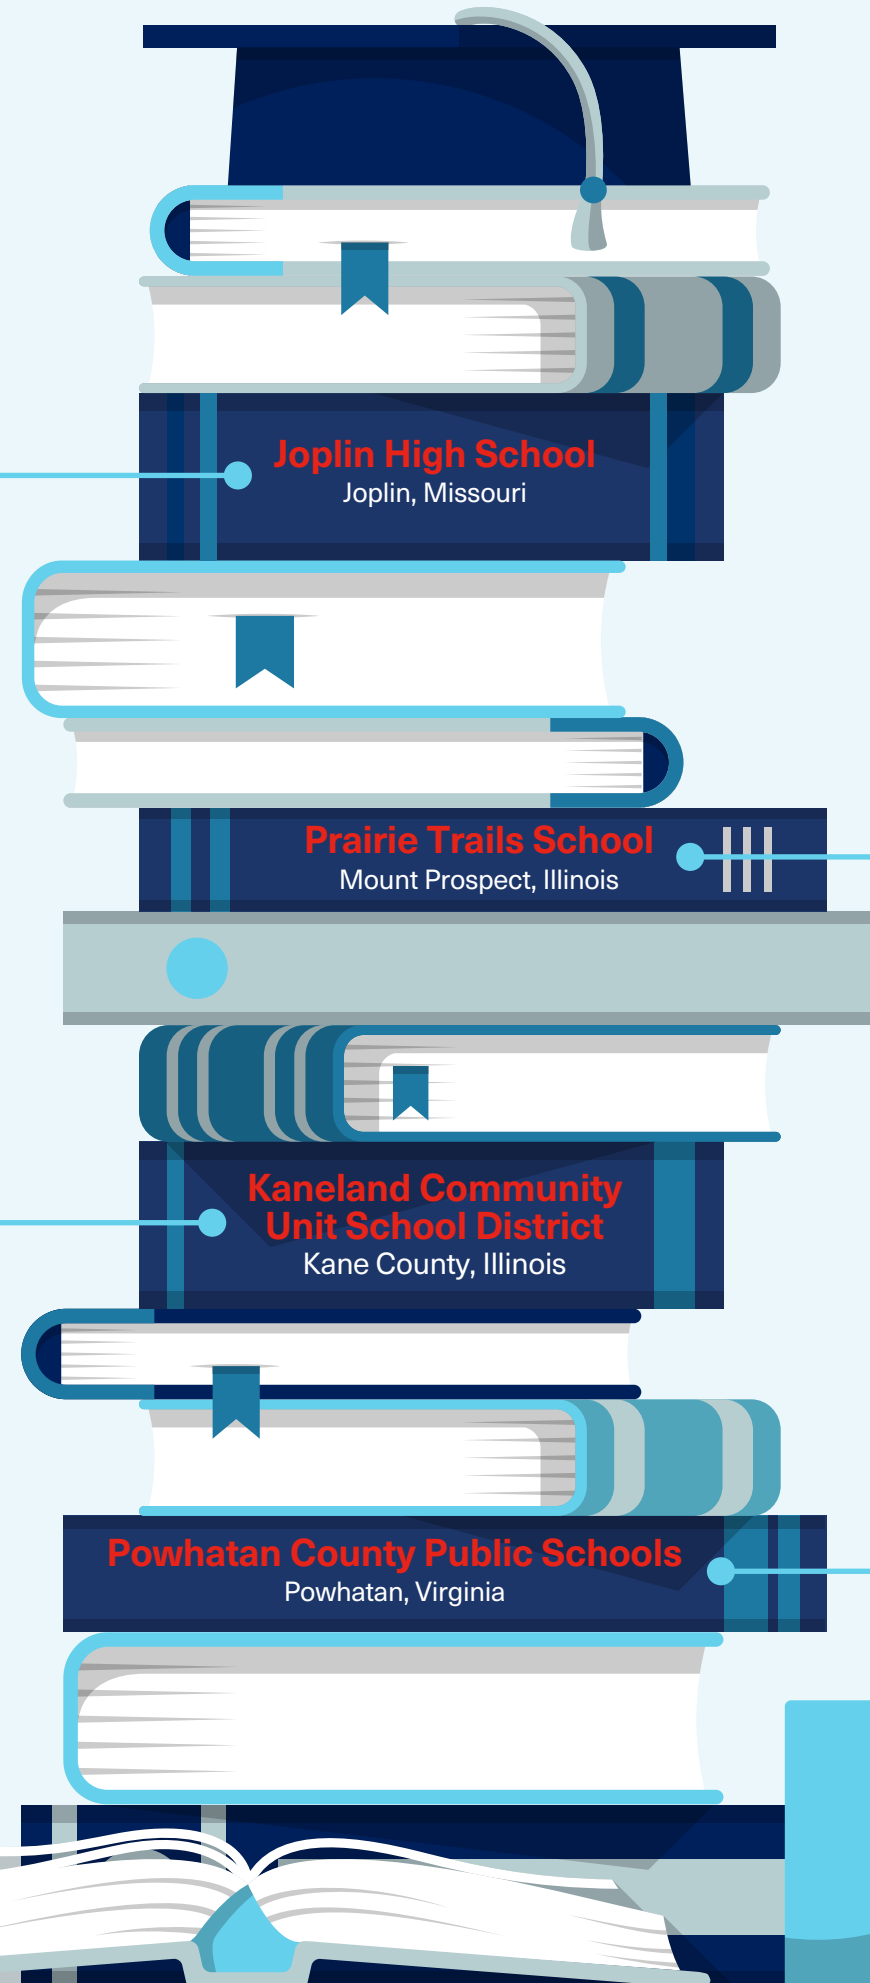

REDUCED OPERATIONAL SPENDING

- 1 Conducted Trane Energy Assessment
- 2 Performed System Recommissioning
- 3 Implemented Intelligent Services: 24/7 Active Monitoring

BONUS

\$50,000

annual energy cost savings
(\$200,000+ to date)

Joplin High School
Joplin, Missouri

Prairie Trails School
Mount Prospect, Illinois

Kaneland Community
Unit School District
Kane County, Illinois

Powhatan County Public Schools
Powhatan, Virginia

GOAL ACHIEVED
